

Harvest News You Can Use **Pfizer's MAINTAIN Program**

Pfizer Pharmaceuticals has launched a new program that provides newly unemployed people with their Pfizer medications free of charge for one year or until you have obtained health insurance, whichever is first.

- More than 70 Pfizer medications will be available through this program.
- The program will be running as of July 1, 2009

You qualify for the new program if you meet the following criteria:

- You have lost your job since January 1, 2009
- Your doctor had prescribed a Pfizer medicine 3 months prior to the date when you lost your job and enrolled in the program
- You don't have prescription drug coverage
- You can prove that you suffer from financial hardship

Pfizer has set up a phone line that you can call to enroll or see if you qualify for the program – call 1-866-706-2400

You can also download an application or learn about Pfizer's other drug assistance program at Pfizer's website
